516-547-5669

spenser.holstein@gmail.com

Chevy Chase, MD, 20815

<https://spenbot.github.io>

## STATEMENT:

Full-stack web developer and former professional video producer. An adept problem solver who is extremely focused, organized, and goal-oriented. A "maker" at heart who strives for better efficiency and ease of use, but also finds great joy in the process.

## SKILLS:

- Javascript
- jQuery
- React.js
- Socket.io
- Node.js
- Express.js
- Axios
- MongoDB
- Mongoose
- Ruby on Rails
- PostgreSQL

## SOFTWARE:

- Photoshop
- Illustrator
- After Effects
- Audition
- Premiere

## EXPERIENCE:

### GENERAL ASSEMBLY DC:

Aug 2017 - Nov 2017

#### Web Development Immersive Student :

Completed 3 individual projects, 5 labs, and 1 group project on both front-end and back-end technologies.

Projects included:

- An online dog-daycare scheduling app for both owners and employees. Built on Rails and PostgreSQL, and demonstrated understanding of complex relational data tables.
- A real-time chat/game single-page webapp, utilizing a MERN stack and WebSocket technology so players can chat and play in real-time over the internet.

### NEW HOUSE CREATIVE STUDIOS :

Sept 2014 - April 2017

#### Video Producer and Founder :

- Managed client acquisition, and provided video branding and marketing strategies for over 40+ clients by working with their internal teams or individually.
- Organized pre-production logistics including scheduling, resources, talent, scripts, and locations. Lead the overall project management, including rentals and budgeting. Also managed internal equipment inventory for the business.
- Highly skilled in professional level production. Technical prowess in most areas of production including both video and audio, as well as the software capabilities and craftsmanship in post-production. Accolades include imdb Cinematographer credit for "Shaded Reflections", winner of several prestigious festivals in LA and NYC.
